STORIES: 1                      SIGNIFICANT PERSON: Herman Walraven  
 \*DATE OF CONSTRUCTION: 1940's                      CULTURAL AFFILIATION: Dutch

ALTERED/MOVED NOTES: Original site. Original barn was built with 4x6 posts 6' O.C. on the East and West walls. West lean-to seems to have been built at the same time. East lean-to was built soon after that time. West 20'x28' addition was built later. All stalls and milk cow stanchions have been removed. Steel roofing was installed over cedar shingles. Two over head doors installed in the South wall.

INTERIOR NOTES: Has two rows 4x6 posts 6' O.C. on the East and West walls. Walls are open except the bottom 8' of the East wall. Horse stalls were in the West lean-to and the milk cow stanchions were in the East lean-to. Center 20'x40' was hay storage from the ground level to the peak. Hayloft over the East lean-to.

OTHER NOTES: Windows were 4"x24" four light, some have been replaced with 9"x12" vinyl four light windows. Walls are 2x4 studs with a 6x6 post 10' O.C. in the East and West lean-to's. The North and South walls in the center area are 2x6 studs. 20'x28' addition is all 2x6 studs. Siding was 1x6 #106 drop siding, however most of it has been replaced with 1x6 car siding. Center area has 4x6 for sills.

\*PHYSICAL NOTES: Barn is in good condition.
